

Warsaw University of Technology

Faculty of Electronics and Information Technology

Warszawa, June 4th, 2024

Prof Mieczyslaw Muraszkiwicz
Institute of Computer Science
Warsaw University of Technology

To Whom It May Concern:

I am writing to wholeheartedly recommend Mr. Ali Aghababaei, who was a student in my 'Intelligent Information Systems' course at Warsaw University of Technology. I had the pleasure of teaching and mentoring him during Winter 2023 semester, and I am confident in his abilities and high potential.

Throughout the course, Ali consistently demonstrated exceptional academic prowess, earning the highest marks in the written exam and the project. He displayed a keen intellect, a strong work ethic, and an ability to grasp complex concepts quickly. His enthusiasm for the subject matter was evident in his active participation in class discussions and engagement with challenging topics.

In addition to his academic achievements, Ali possesses qualities that make him an outstanding candidate for a Ph.D./Internship program or any similar endeavour.

I am confident that Ali Aghababaei will excel in any endeavour he chooses to pursue. His dedication to academic excellence, coupled with his intellectual curiosity and strong analytical skills, makes him an asset to any program or organization.

I wholeheartedly recommend Ali Aghababaei and believe that he has the potential to make significant contributions in his chosen field. If you have any further questions or need additional information, please feel free to contact me.

Thank you for considering my recommendation.

Sincerely,

Plac Politechniki 1,
00-661 Warszawa
